

**Improve Quality of Natural Resources  
Agency Activities by Category**

This table sorts the agency activities that contribute to this result area by category or key strategy. The categories, and the activities within them, are sorted in total dollar order. Because many activities contribute to more than one result area, we have identified the result area to which each activity primarily contributes and any additional result areas it supports. This table indicates whether an activity is considered a primary or secondary contributor to this result area.

Category	Activity Title	Agency Name	Quality of Natural Resources (Primary or Secondary)	Total Funds	General Fund State	FTEs
<b>Preserve and restore natural systems and the environment</b>				\$379,987,000	\$106,619,000	1,748
